

The therapeutic powers of the Dead Sea's Natural Minerals have been sought after since ancient times for their power to heal and relieve the skin. For a period lasting hundreds of millions of years, nature created in the Dead Sea region, one of the most unique reservoirs of minerals on earth.

The Dead Sea contains 26 essential minerals including Sodium, Magnesium, Calcium, Bromine and Potassium. Twelve of the minerals found in the Dead Sea, do not exist in any other sea or ocean in the world. Some are known to have unique qualities. For instance, giving a feeling of relaxation, nourishing the skin, activating the blood systems and healing rheumatic diseases & metabolic disorders. In addition, the natural minerals are essential for correct functioning of the human body and the different skin layers.

**SEACRET** Spa has developed a unique skin care series with natural recipes of ancient secrets for relaxation, rejuvenation and healthy skin to experience in the comfort of your home.
