Lead toward the future.

This development is about Nanakuli taking charge of their destiny. Through economic development, education, cultural awareness, physical and mental wellness, and caring for their needy can we as a Hawaiian people truly prosper. We become independent & sovereign through self-governance.

Hale Makana O Nanakuli

In response to the overcrowded living conditions, dilapidated and abandoned homes plaguing the Nanakuli homestead community, Nanakuli Hawaiian Homestead Community Association partnered with Hawaiian Community Development Board to build this 48-unit rental project. It will primarily target low-income Nanakuli homestead families needing relief from overcrowded homes or needing replacement homes.

Nanakuli Commercial Center

This business portion of the Village Center will provide 46,930 square feet for multiple retail stores and restaurants. Local entrepreneurs will now be given an opportunity to setup shop at the gateway to the leeward coast, bringing needed jobs and economic growth to the area.
